High-speed, vivid 3-D graphics.

“Wacky Wheels is one of the best shareware releases we’ve ever seen. You’ll love it.”

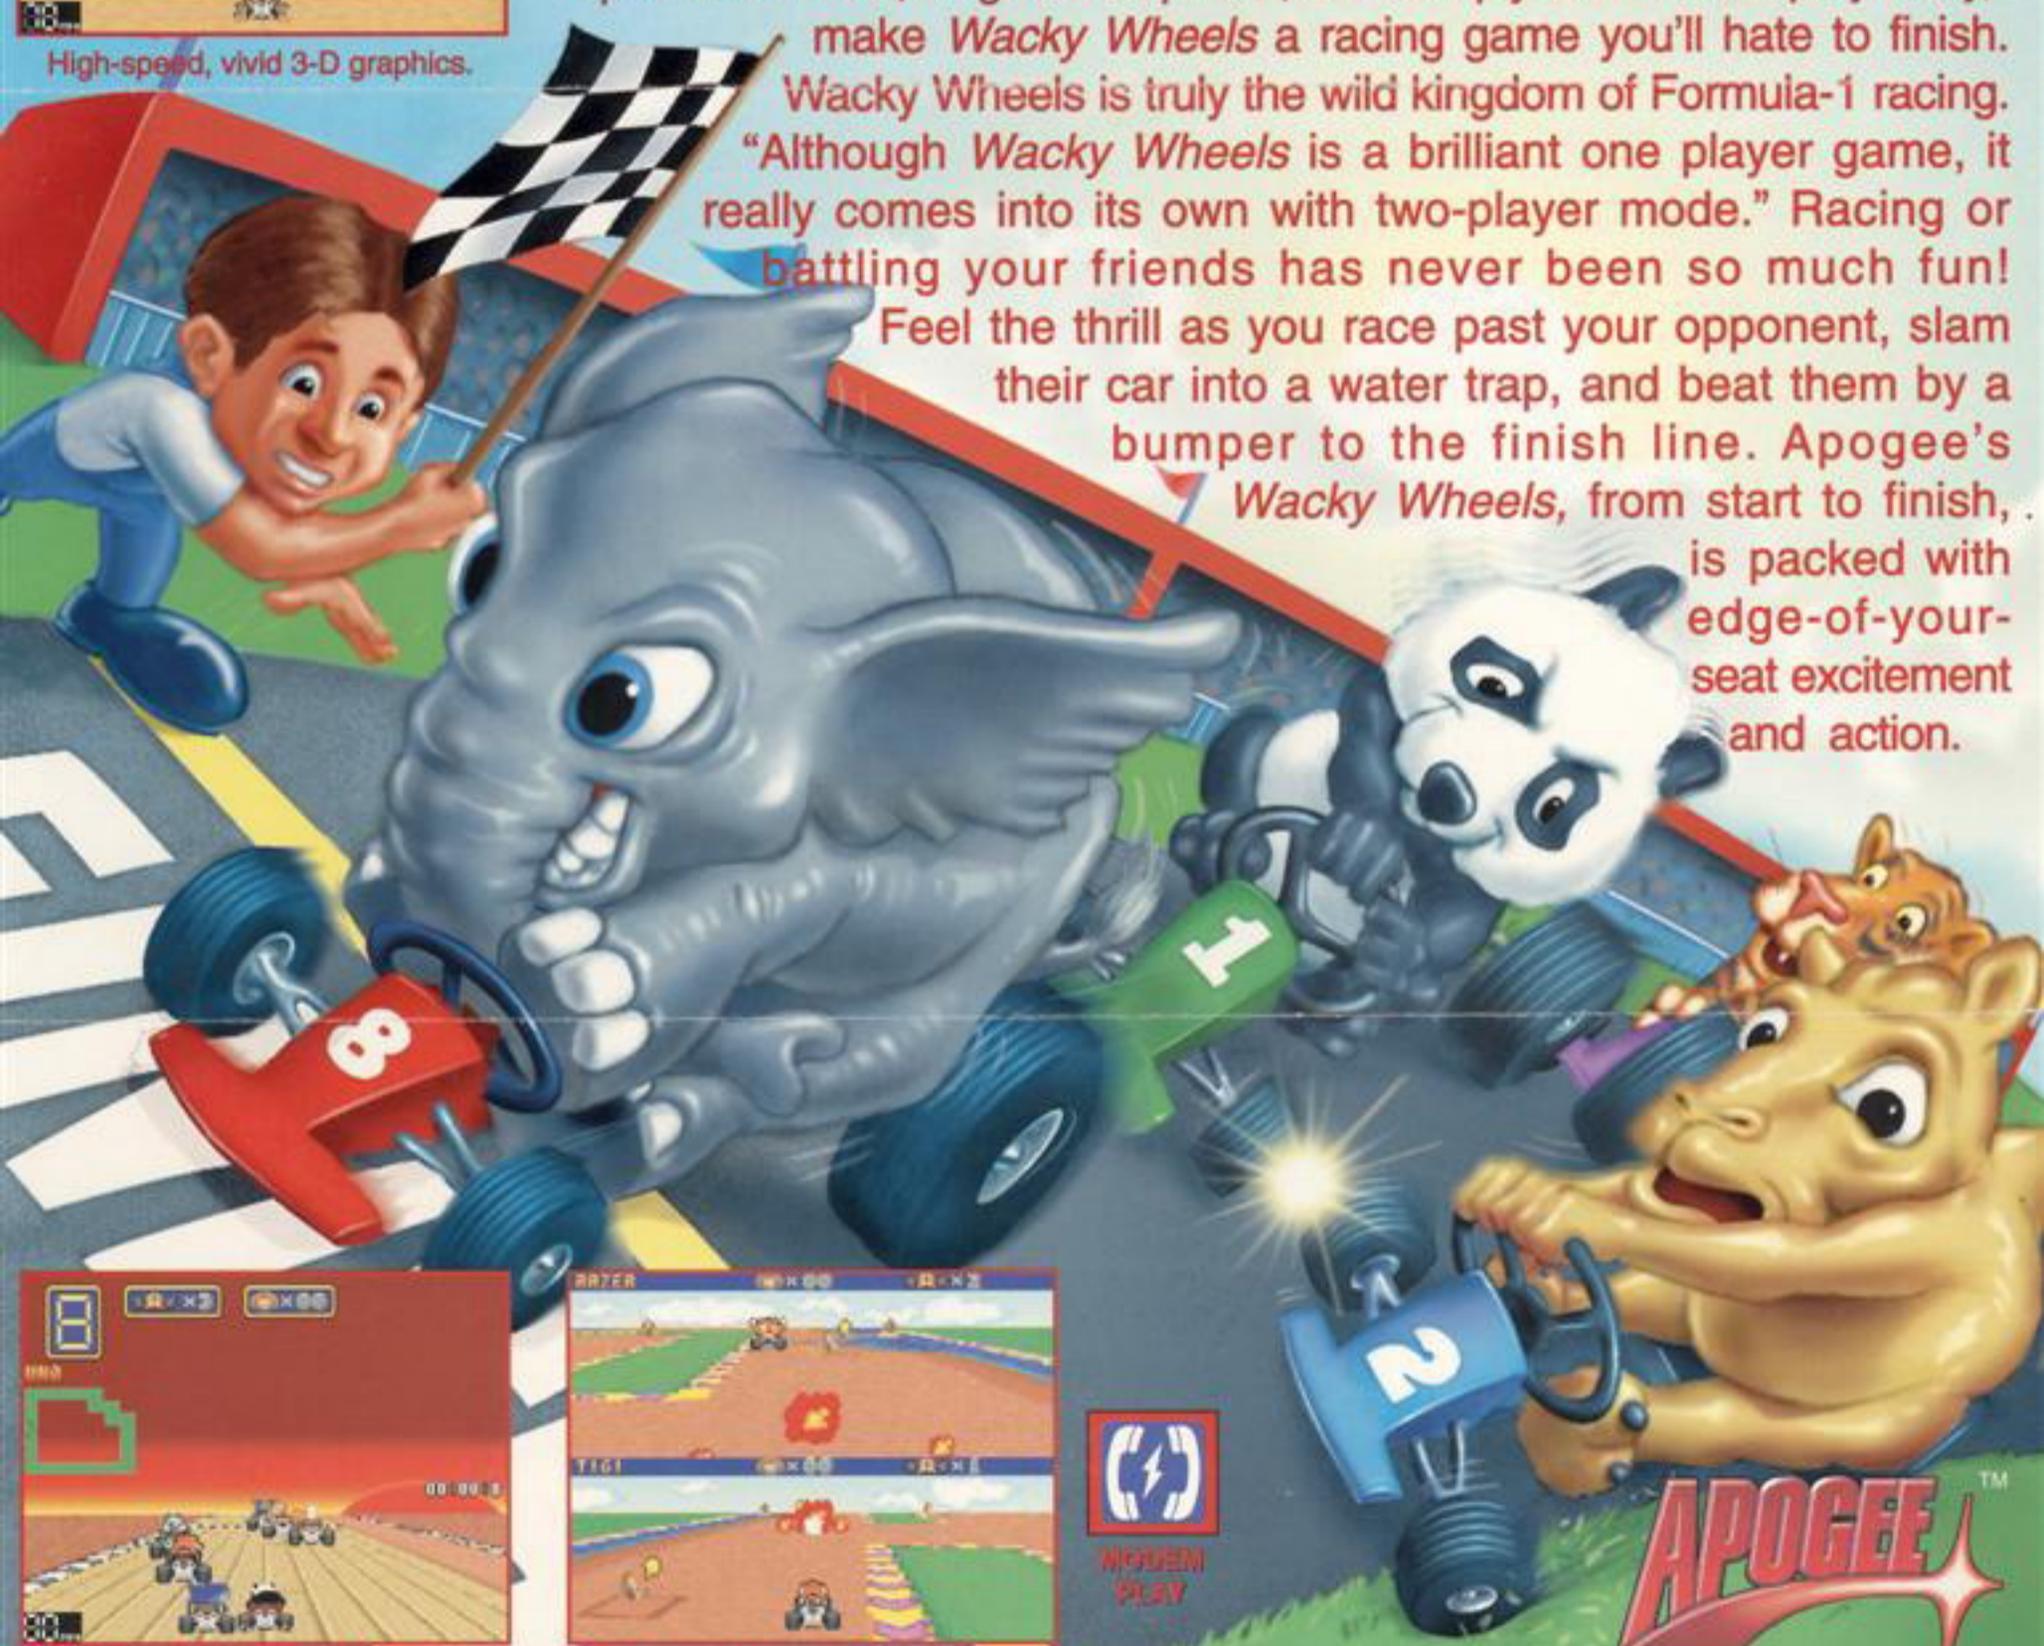

“A super-fast 3-D engine, cute characters, catchy tunes, a host of special features, bags of surprises, and simply marvellous playability,”

make Wacky Wheels a racing game you’ll hate to finish. Wacky Wheels is truly the wild kingdom of Formula-1 racing.

“Although Wacky Wheels is a brilliant one player game, it really comes into its own with two-player mode.” Racing or battling your friends has never been so much fun!

Feel the thrill as you race past your opponent, slam their car into a water trap, and beat them by a bumper to the finish line.

Apogee’s *Wacky Wheels*, from start to finish, is packed with edge-of-your-seat excitement and action.

Eight wacky animals, each with unique colorful antics.

Tenai opponents during multi-lane play with *Ferrets & Piranhas™*
