

Burroughs B90 Series
The B91

Take the Wise Step

Taking that first step into computerized operations? Or are you looking for a step up to a new level of computer performance . . . at the right price? In either case, the *wise* step is to Burroughs B91.

Highly advanced yet simple to use . . .

designed to fill immediate needs and to expand to meet future requirements . . . and developed by a company with over 90 years experience in information management, the B91 is a wise move for even the smallest system user.

Here's why:

It's easy to work with . . .

Flexible and "friendly," the B 91 readily fits your immediate needs *and* your present operation.

- Use current members of your staff to run the B 91: it's so easy to operate they will rapidly become proficient in system use.
- Use the power and capabilities of the B 91 at a single site or distribute them to your remote locations.
- Use the combination of Burroughs standard application solutions you need to achieve results in line with your operating procedures . . . right away.

It's easy to grow with . . .

As your organization grows, Burroughs *Computer Management System* keeps your B 91 in step . . . easily and economically. Disk storage and peripherals can be added to the B 91 without reprogramming, and growth into larger Burroughs

systems is accomplished without difficulty.

And provides more results for less investment . . .

The B 91, with Burroughs Super Mini-Disk II, has three times the capacity of other media in its size range. This low-cost, easy to store disk means greater efficiency, faster throughput, and more capacity for your money than ever before. And the B 91's excellent price/performance ratio makes it a sound investment for even the smallest user.

Another plus: your B 91 is backed by Burroughs total system support . . . from pre-installation guidance and training your staff, to customer service engineering and forms and supplies. In other words, everything a successful installation requires.

See how effectively the B 91 responds to *your* particular requirements. Contact your Burroughs representative today.

**Burroughs . . .
total solutions from a single source.**
