

CPT 6100 Word Processor

**The Powerful CPT 6100 Word Processing System
Offers Expanded Capabilities and Exceptional
Versatility with the Flexibility and
Ease of Operation CPT is Known for.**

- 128,000 bytes of active memory
- Control Page Printing, for greatly enhanced printing options and configurations
- Compatibility with a wide variety of software programs, including Communications, MathPak, CPT's number processing software.
- All word processing functions contained in one operational program.

The CPT 6100 has been designed with one goal—to increase your productivity. With its greatly expanded memory, the 6100 incorporates functions and features that make difficult typing tasks easy, repetitive chores automatic, the system itself clear and easy to understand.

The large, bright, black-on-white display looks like a page in a typewriter. Only it is more versatile, displaying up to 15 lines of prepared text, and four preview lines, with up to 240 characters per line. Correcting and editing are done right on the typing line. Previewed material, called up from memory, can be merged into text on the screen with the touch of a few keys.

Once information is prepared, it can be manipulated in a variety of ways as it is printed, using Control Page Printing. This feature gives the operator the capability to select information from the text and to print the selected infor-

mation in a variety of formats.

A sequence of keystrokes can be stored in the 6100's memory, to be recalled at the touch of a single PROGRAM key. Any number of these repetitive operations can be stored, labeled, and called up as needed.

The 6100 boasts a variety of additional features designed to make your job easier. Automatic hyphenation, centering, right-justified margins. Sorting and alphabetizing or numbering lists. The ability to search, modify, and replace key words and phrases in form letters, contracts, and the like.

And with the addition of available software, the 6100 assumes greater computer capabilities. The CPT 6100 word processor—using technology to simplify the business of doing business.

FEATURES

- Single disk drive
- Disk table of contents
- Control page printing
- Boldface printing
- Automatic centering
- Justification
- Alphanumeric sort
- Tab indentation
- Proportional spacing
- Repagination and selection to disk
- Recorded keyboard programs
- Recorded margins and tabs
- Superscripts and subscripts
- Selective page/disk erasure
- Automatic hyphenation
- Simultaneous input/output
- 10-key pad with decimal alignment
- Half-page display, black characters on white page
- Text insertion with merging of variable information
- 240 positions per line with horizontal scroll
- Search and locate, search and replace
- Paragraph assembly with secondary file
- Independent upper and lower screens
- Filing system for 1000 alphanumeric page labels
- Character, word, line, paragraph, and page control

SPECIFICATIONS

■ DISPLAY	
Characters per line	80 characters
Lines per screen (including status and margin scale)	21 lines
Size	8.5 inches (21.59 cm) wide x 5 inches (12.7 cm) high
■ DISK	
Capacity	315,392 characters
■ CONSOLE	
Height	17.2 inches (43.7 cm)
Width	20.0 inches (50.8 cm)
Depth (with keyboard)	26.0 inches (66.1 cm)
Depth (without keyboard)	18.3 inches (46.5 cm)
Weight	90 pounds (40.8 kg)
■ ELECTRICAL	
Voltage (grounded receptacle)	102-127 VAC or 198-242 VAC 50/60 Hz ± 1%
Current (typical)	
Standby	450 VA
Operating (with printer)	600 VA
■ ENVIRONMENTAL	
Temperature (shipping)	-40° to 144°F (-40° to 62°C)
Temperature (operating)	40° to 95°F (4° to 35°C)
Humidity (shipping)	1% to 95% relative humidity (non-condensing)
Humidity (operating)	20% to 80% relative humidity (non-condensing). If less than 40%, an anti-static mat may be required.
