

# SyQuest- the best in Winchester. Inside and Out.

Fixed

Removable

When you've already done the impossible in Winchester design and production, doing the difficult is no problem. That's why SyQuest can lay claim to the top quality half-height Winchester disk drives—removable *and* fixed.

SyQuest 6.38 and 12.76MByte removable cartridge Winchesters, the product many said couldn't be done, are setting the standard of the industry in quality, reliability and performance. Only 4.8 inches wide and 1.625 inches high, they can be configured for a sub 5 1/4-inch or standard 5 1/4-inch half-height footprint. More than 60,000 of these drives have been delivered to date for on-line, random access storage. Combining a unique stepper motor positioner with servo control and the ultrareliability of graphite-sputtered, plated media, SyQuest half-height cartridge drives make the impossible possible.

SyQuest half-height fixed disk drives give 25.5 and 38.2MBytes of data storage with the same innovative, yet conservative, design concept. Like our cartridge drives, they are tested and qualified far beyond industry standards. What other manufacturers are finding difficult, SyQuest can deliver today.

So when you need Winchester in a 5 1/4-inch footprint or smaller—come to the leader. SyQuest, the best in Winchester—inside and out.
