

COMPAQ RACK ACCESSORIES

Compaq offers a wide variety of rack accessories that help you to configure Compaq Racks.

Compaq Flat Panel Monitor Rackmount (TFT 450R)

Part Number: 332662-001

A space-saving 14.5" TFT flat panel monitor mounted in a retractable 2U drawer – saving 7U or more in the rack, allows customers to maximize the density of their rack with additional Compaq servers, storage, networking or power protection products.

Monitor/Utility Shelf

Part number: 303606-B21

This 1U fixed shelf can be mounted at any height within Compaq Racks to place a 14", 15" or 17" monitor or another component. The monitor/utility shelf has a maximum weight capacity of 150 lbs.

Keyboard Drawer Kit

Part Number: 338056-B21

This space-saving 1U drawer neatly holds, protects, and conceals an Internal Keyboard with Integrated Trackball. It provides the option to mount Keyboard/Monitor/Mouse switch box behind drawer to save additional 1U of rack space. It can be mounted at any height within Compaq Racks and is mounted on slides that allow you to pull the drawer in and out of the rack.

Internal Keyboard with Trackball

Part Number: 185152-406

A 101-keyboard with integrated trackball fits neatly inside the Keyboard Drawer Kit.

Sliding Shelf Kit

Part Number: 332564-B21

A sliding ventilated shelf allows for some rack-mountable products to be mounted at any height within Compaq Racks. The sliding shelf kit mounts on slides that allow you to pull the shelf in and out of the rack for easy access, maintenance and upgrading. A cable management arm and a handle are included. The sliding shelf has a maximum weight capacity of 110 lbs.

Depth Adjustable Fixed Rail Kit

Part Number: 332558-B21

The kit contains two, 19" to 31", depth adjustable rails that mount Compaq rack-mountable servers, storage boxes, UPSs, and Compaq networking products in third party racks. The Depth Adjustable Fixed Rail Kit also allows for most third party rack-mountable products to be mounted in Compaq Racks. The depth adjustable fixed rails have a maximum weight capacity of 300 lbs.

Blanking Panel Kit

Part Number: 169940-001

Each kit controls air flow in unoccupied space, maintaining appropriate temperatures, and each kit includes one each of the following: 1U, 2U, 4U, and 8U.

Sidewall Panel Kits

Part Number: 165652-001 (7142)

303658-B21 (4136)

Side panels for the 42U and 36U Racks; one kit required per grouping of 42U/36U Racks

Front and Back Doors (4136 only)

Part Number: 303669-B21 (Front)

303670-B21 (Back)

Front and back doors for the 36U racks; one kit required per grouping of 36U Racks

Rack Stabilizing Feet

Part Number: 189907-001 (7142)

303659-B21 (4136)

Stabilizing feet are required for stand-alone 42U and 36U racks (order one kit per 42U/36U Rack).

Rack Coupling Kits

Part Number: 165664-001 (7142)
303657-B21 (4136)

Coupling kit connects multiple racks, minimizing usage of floor space.

Keyboard, Monitor, and Mouse Extension Cables

Part Number: 169989-001

Provide even greater flexibility in the location of a keyboard, monitor, and mouse through 20- or 40-foot cable extensions.

Keyboard/Monitor/Mouse Switch Box

Part Number: 242694-001 (4-port)
242695-001 (8-port)

This 1U programmable scanning switch box is used to switch a single keyboard, monitor, and mouse between up to four (4-port) or eight (8-port) ProLiant servers. It routes all cables through the back of the rack cabinet and shows status information via on-screen display. For maximum convenience, switch boxes can be tiered to support up to 16 (4-port) or 64 (8-port) servers from a single console.

Switch Box Connector Kit

This kit provides frontal access to a 4/8-port switch box for a keyboard, monitor, mouse, and power cord.

Part Number: 144007-001 North America (115V)
Part Number: 144007-002 North America (230V)
Part Number: 242691-B33 (International)

1 x 16 Switch Box Coupling Kit

Part Number: 242778-001

This kit allows you to join two 8-port switch boxes together, providing a single 16-port switch box.

CPU to Switch Box Cable

Part Number: 165638-001 (9 foot)
165638-002 (20 foot)
165638-003 (40 foot)

This cable allows flexibility in connecting servers to a switch box by providing 9 (9-foot model), 20 (20-foot model), or 40 (40-foot model) feet of cable.

Compaq Networking Cable Management Kit

Part Number: 292407-B21

This kit provides an easy way to organize and route cables within Compaq Racks. Cable clips, cable rings, and 1U and 2U access panels are included.

Compaq Networking Recessed Rail Management Kit

Part Number: 292406-B21

This kit provides mounting options that let you recess equipment to allow adequate room for cables that protrude from connection ports within a rack. Two sets of 4U, 7U, 15U, and 28U rail fractions are included.
