

Compaq StorageWorks™

Dual Channel PCI to Ultra HVD Host Bus Adapter for Tape Libraries Release Notes

These release notes contain late-breaking and supplemental information for the Compaq StorageWorks Dual Channel PCI to Ultra HVD Host Bus Adapter for Tape Libraries, referred to as the Library Adapter.

Be sure to read these notes before installing the Compaq StorageWorks Library Adapter module into your server. This information is periodically updated and available on the World Wide Web at:

<http://www.compaq.com/products/storageworks/adapters.html>.

Introduction

The Compaq StorageWorks Library Adapter is a high-performance PCI to Ultra SCSI Host Bus Adapter that provides connectivity for up to two Compaq DLT 35/70 or DLT 20/40 drives per channel for a total of four drives per adapter. This document describes any known issues or restrictions for using the Compaq StorageWorks Library Adapter within your system configuration. This document contains four sections:

- Library Adapter Kit Contents
- Supported Compaq Servers and Operating Systems
- Restrictions
- Driver installation

Library Adapter Kit Contents

Your Library Adapter kit contains the items listed in Table 1.

Table 1
Library Adapter Kit Contents

Part Number	Description
168635-B21 (QC-089AA-GZ.1.0)	StorageWorks Host Bus Adapter Kit
168639-002 (AA-RKGBB-TE)	Release Notes for the Compaq StorageWorks Library Adapter (this document)
168638-002 (AA-RKGAB-TE)	Compaq StorageWorks Library Adapter User Guide
158927-001	Compaq StorageWorks PCI to UltraScsi High Voltage Differential Module
196045-008 (3R-Q00NA-ZE.A01)	Smart Start CD ROM
168640-001 (AV-RKK6A-TE)	Compaq StorageWorks Library Adapter Read Me First
EK-HSXSU-WC.C01	StorageWorks Warranty

Supported Compaq Servers and Operating Systems

O/S Support

- Windows NT Version 4.0 SP3
- NetWare Version 4.2, 4.5 and higher
- Windows 2000 (Smart Start Version 4.8 and higher)

Server Support

High-End ProLiant Servers

- ProLiant 8500 Pentium® III Xeon™
- ProLiant 8000 Pentium III Xeon
- ProLiant 7000 Pentium III Xeon
- ProLiant 6500 Pentium III Xeon
- ProLiant 6400R Pentium III Xeon
- ProLiant 6000 Pentium III Xeon
- ProLiant 5500 Pentium II Xeon

Departmental / Workgroup ProLiant Servers

- ProLiant 3000 Pentium II
- ProLiant 3000
- ProLiant 1850R
- ProLiant 1600
- ProLiant 800

Supported Libraries

- Compaq StorageWorks TL881 Family
- Compaq StorageWorks TL891 Family
- Compaq StorageWorks TL895
- Compaq StorageWorks ESL9000 Enterprise Library series

Automation and Network Utilities

- Compaq Insight Manager V4.x
- Smart Start and Support Software, V4.5 (minimum revision)
- Smart Start Version 4.8 for Windows 2000

Restrictions

System Restrictions:

- Maximum number of adapters supported is four.
- Maximum number of drives supported is four per HBA, which is two per channel.
- Compaq does not support attachment to the internal ports.
- The adapter must not be installed on the same bus as Compaq NIC cards.

Driver Installation

The driver must be installed before installing your hardware.
