Lenovo 3000

lenovo

Pressing the Lenovo Care button on your keyboard opens the Lenovo Care. To learn more about technologies and other items, select a topic in "Help and support" from the Lenovo Care, and type a word in the keyword search field.

Lenovo Care
Lenovo Care guides you to a host of information and tools to help you set up, understand, maintain, and enhance your computer.

Access Connections
Access Connections allows you to seamlessly switch between wired and wireless environments while automatically managing security settings, printers, home page and other location-specific settings.

Presentation Director
Presentation Director helps you plan and give presentations with confidence, even when you are away from your office.

Rescue and Recovery
Rescue and Recovery includes a set of recovery tools to help you diagnose, get help and recover from system crashes quickly, even if the primary operating system will not boot and you are unable to contact your support team.

Message Center
Message Center displays messages to inform you about helpful software that has been pre-installed on your computer. Message Center can also provide messages about new update available to keep you computer current.

Access Help
Access Help is a comprehensive online manual that provides answers to most of your questions about your computer, helps you to configure preloaded features and tools, or solve problems.

Help Center
Help Center is an online manual that provides information about your computer. Help Center also provides help and support information, and other offerings.

To learn more, press the Lenovo Care button:
